1.0 GENERAL INFORMATION

1.0 General Information

General Information section explains in general terms the app and the purpose for which it is intended.

1.1 System Overview

EnRoute is a mobile application which is designed for businesses who offer fresh food delivery.

The application will help the driver in finding the shortest and quickest route around town while keeping him in track and giving his live location to the business manager.

1.2 Organization of the Manual

The user's manual consists of five sections: General Information, Getting Started, Using the app as the manager, Using the app as a driver, Accessibility, and Contact information.

General Information section explains in general terms the system and the purpose for which it is intended.

Getting Started section explains how to use Enroute as a manager and driver. The section presents the sign-up, and sign-in screen alongside the driver and manager settings screen.

Using The System section provides a detailed description of the application's functions. Also contains user access levels

Contact Information is a page that provides the developer's contact in case of inquiries and troubleshooting assistance.
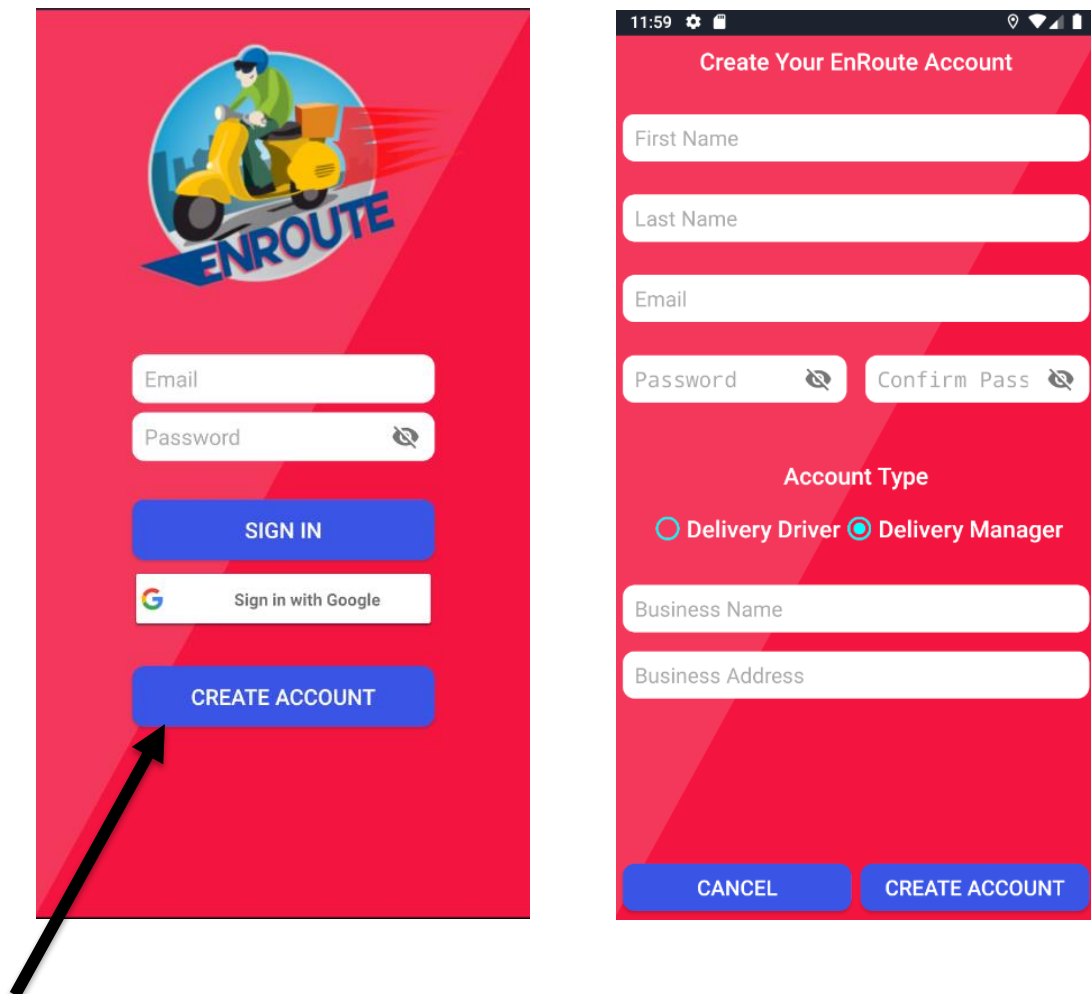

2.0   GETTING STARTED

2.0 Getting Started

General Information section explains in general terms the app and the purpose for which it is intended.

2.1 Sign-up

To sign up for the app as a manager after hitting the "Create Account Button":

1. Enter First Name
2. Enter Last Name
3. Enter Email Address
4. Enter Strong password (strong passwords include numbers, symbols, capital letters, and lower-case letters: Use a mix of different types of characters to make the password harder to crack)
5. Confirm previous password
6. Select Delivery Manager as Account type

2.2 Sign-up

To sign up for the app as a Driver after hitting the "Create Account Button":

1. Enter First Name
2. Enter Last Name
3. Enter Email Address
4. Enter Strong password (strong passwords include numbers, symbols, capital letters, and lower-case letters: Use a mix of different types of characters to make the password harder to crack)
5. Confirm previous password
6. Select Delivery Driver as Account type

1.2 Sign-In

 To sign-in:
1. Enter your email and password in the fields provided respectively.
2. You could sign in with google if your account was created with a google mail address.
3. Hit the sign in button to log in.
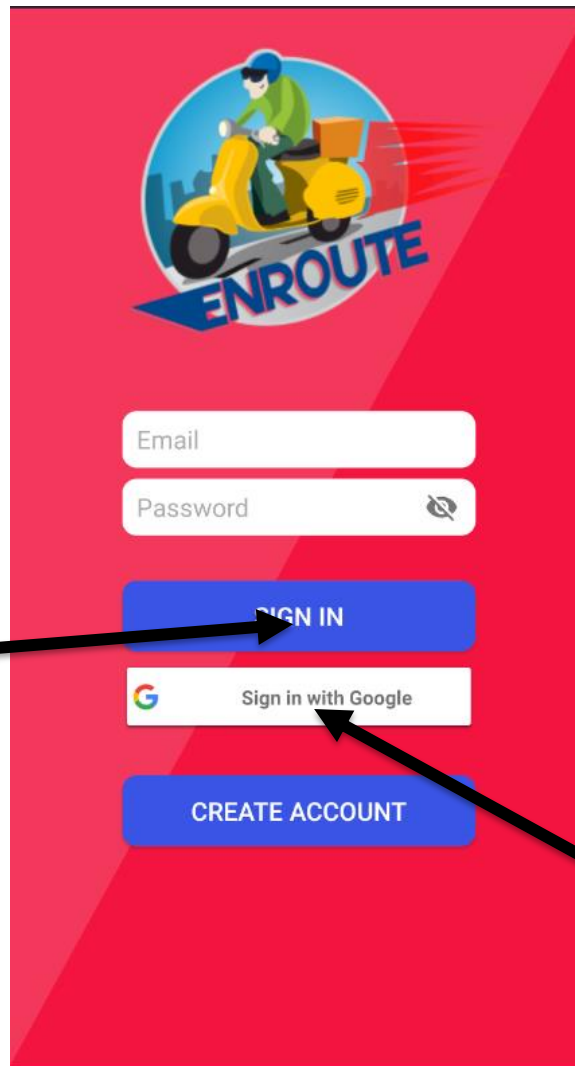

Normal sign in button

Sign in with Google if you registered with Google email address

1.3 User access levels

This application can be accessed by either a manager or a driver under separate accounts and with different functions.

3.0   USING THE APPLICATION
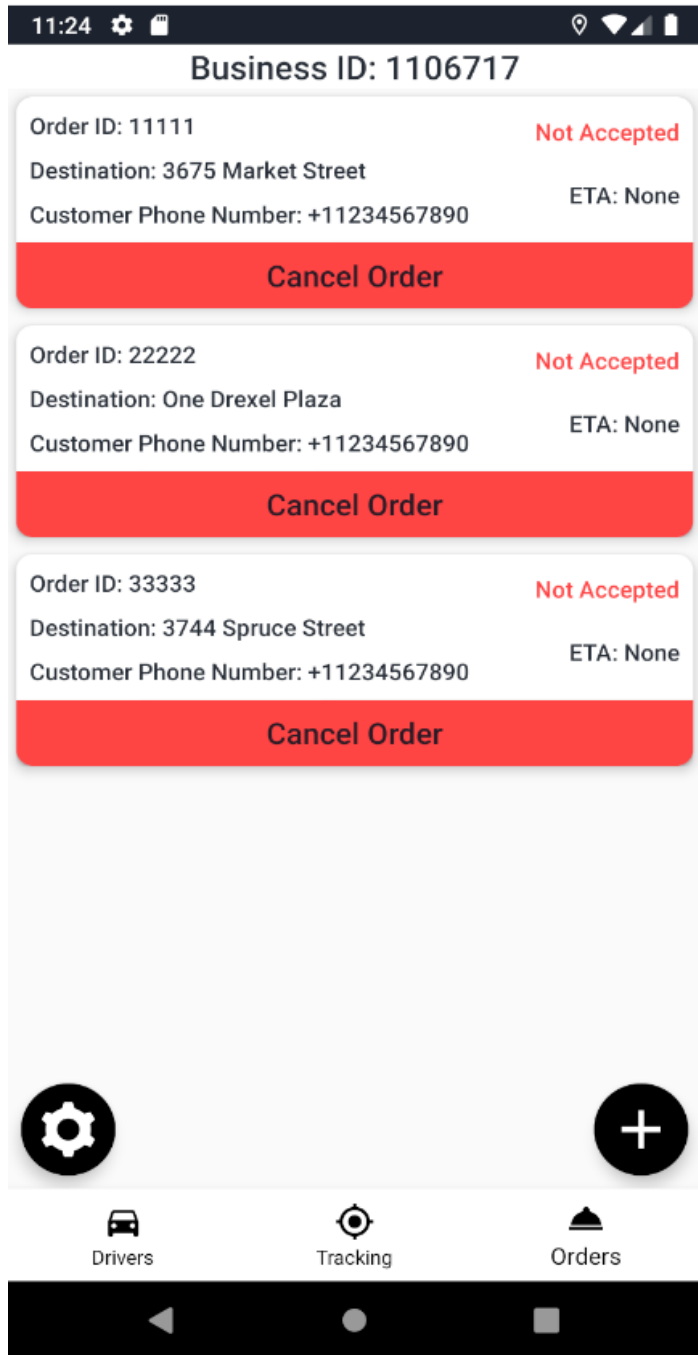

Manager can manage order and send out order with a click of a button
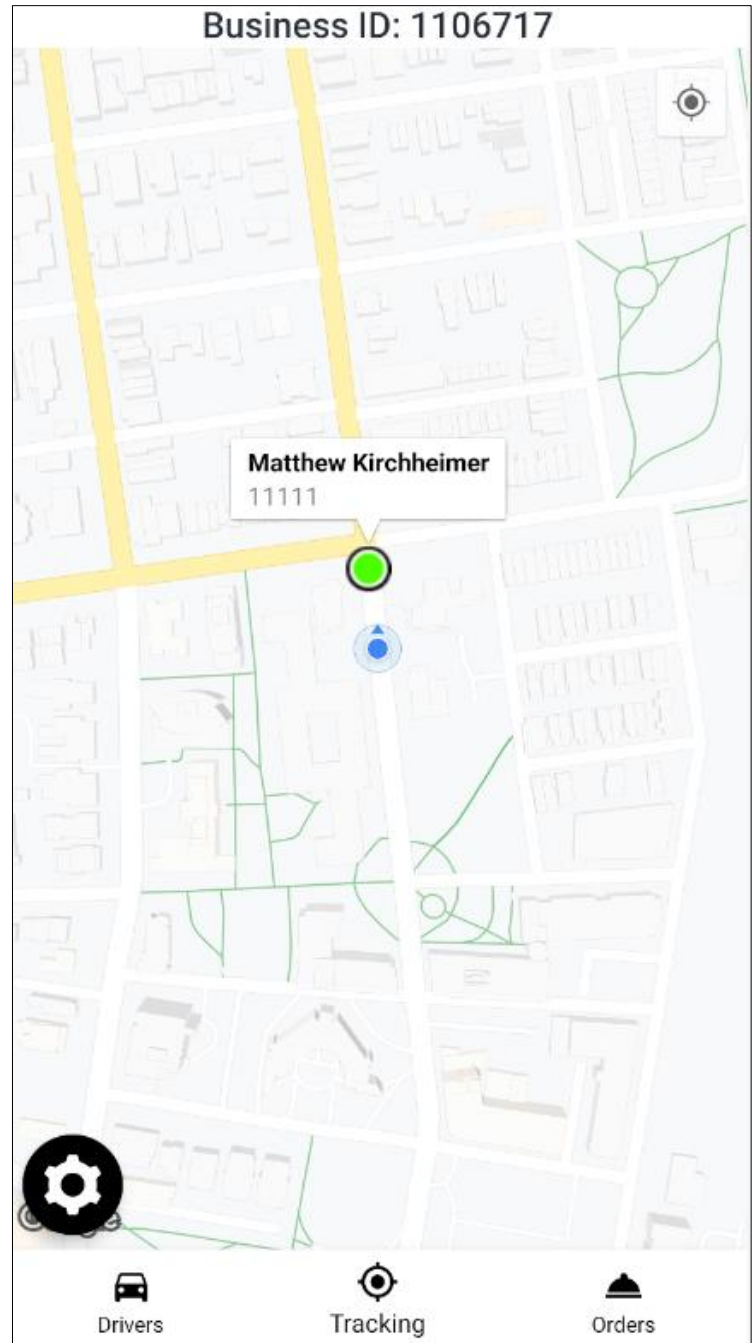

Manager can then monitor each driver's status(that is, their location and order ID)
